

DF Mini

The Dust Fighter **DF Mini** is a portable dust control unit able to spray the nebulized water up to 8 metres. It's an ideal solution for indoor jobs, like indoor demolitions and renewals.

It's also ideal for **asbestos removal**, since the absence of a fan allows the operator to suppress the asbestos dust without moving it in the air.

Standard Equipment

- Stainless steel 70 litres water tank
- 3 interchangeable type of nozzles for different coverages
- Wheels and handles for transport
- High pressure pump
- Signal for low water level
- Closable for an easy transport
- Manually adjustable nozzles spray angle

Optional

- Connection from the water supply network
